| Committed        | Project                 | Hash    | Author                  | Subject                                                                   | Files |
|------------------|-------------------------|---------|-------------------------|---------------------------------------------------------------------------|-------|
| 2026-10-01 09:15 | iras-v4-backend         | 3f17d6a | Mutebi Wilson           | feat: add return periods module and associated permissions                | 1     |
| 2026-10-01 09:02 | iras-v4-backend         | abe13e2 | Mutebi Wilson           | fix: update permission class for PeriodViewSet to IsAuthenticated         | 1     |
| 2026-10-01 08:35 | ciems-backend           | 987dc80 | Mutebi Wilson           | Add docstring to get_calender_inspection method in InspectionView         | 1     |
| 2026-10-01 08:32 | issue-ticca-commit-tra? | 65b95a0 | Mutebi Wilson           | Add HTTPS endpoint handling and certificate configuration to README       | 2     |
| 2026-10-01 08:30 | issue-ticca-commit-tra? | 3db1e46 | Mutebi Wilson           | Add TLS certificate handling and configuration options                    | 3     |
| 2026-09-29 08:31 | iras-v4-backend         | ea1cd68 | Moses Odeke A           | Merge pull request #1640 from iras-test/fix/mis-payments-report           | 2     |
| 2026-09-29 08:30 | iras-v4-backend         | 14b4118 | Moses Odeke A           | fix: repair MIS export headers, PDF layout, and PDF render time           | 2     |
| 2026-09-29 07:28 | iras-v4-backend         | fe57333 | Guloba                  | fix: trail balance totals                                                 | 1     |
| 2026-09-28 10:44 | iras-v4-backend         | 5a3f49f | Moses Odeke A           | Merge pull request #1638 from iras-test/fix/mis-payments-report           | 1     |
| 2026-09-28 10:39 | iras-v4-backend         | d4b0da2 | Moses Odeke A           | fix: split pending & pending inspetion                                    | 1     |
| 2026-09-26 11:19 | iras-v4-backend         | afa1969 | Guloba                  | fix: lst paf                                                              | 2     |
| 2026-09-25 07:26 | iras-v4-backend         | 9e83a69 | Dickens Kongoro         | Merge pull request #1636 from iras-test/reassessment                      | 2     |
| 2026-09-25 07:26 | iras-v4-backend         | 79477a4 | Dickens                 | feat: add owner name field to reassessment                                | 2     |
| 2026-09-24 12:15 | iras-v4-backend         | 24507cc | Guloba                  | fix: tl certificate                                                       | 2     |
| 2026-09-24 12:06 | iras-v4-backend         | 6a9a580 | Guloba                  | fix: tl certificate                                                       | 1     |
| 2026-09-24 11:56 | iras-v4-backend         | bdd2845 | Guloba                  | fix: tl certificate                                                       | 1     |
| 2026-09-24 11:54 | iras-v4-backend         | 9f3b39f | Guloba                  | fix: tl certificate                                                       | 1     |
| 2026-09-24 11:45 | iras-v4-backend         | 40e8057 | Guloba                  | fix: tl certificate                                                       | 1     |
| 2026-09-24 07:33 | iras-v4-backend         | af5e3f6 | awath-abdat             | feat\(\lst\): bill employees and surcharge when correcting a nil filing   | 5     |
| 2026-09-23 08:32 | iras-v4-backend         | c4bee69 | Sunday Deogratias       | Merge pull request #1630 from iras-test/lst-amount                        | 4     |
| 2026-09-23 07:17 | iras-v4-backend         | ccdb766 | Guloba                  | fix: payment breakdown                                                    | 10    |
| 2026-09-23 05:55 | iras-v4-backend         | 7099366 | Moses Odeke A           | Merge pull request #1633 from iras-test/fix/mis-payments-report           | 1     |
| 2026-09-23 05:54 | iras-v4-backend         | 8e22444 | Moses Odeke A           | fix: include all invoices                                                 | 1     |
| 2026-09-22 13:16 | iras-v4-backend         | 5f68082 | Dickens Kongoro         | Merge pull request #1631 from iras-test/reassessment                      | 2     |
| 2026-09-22 13:16 | iras-v4-backend         | 2561f34 | Dickens                 | feat: add reassessment filter for audit trail.                            | 2     |
| 2026-09-22 13:13 | iras-v4-backend         | 653946d | Guloba                  | feat: lst amount snapshot                                                 | 10    |
| 2026-09-22 06:22 | iras-v4-backend         | 08e4b5e | Moses Odeke A           | Merge pull request #1629 from iras-test/fix/mis-payments-report           | 1     |
| 2026-09-22 06:21 | iras-v4-backend         | 6191660 | Moses Odeke A           | fix: include reversed invoices in trade license MIS payment report        | 1     |
| 2026-09-21 05:54 | iras-v4-backend         | f1ef5aa | Kakuru Conrad Akankwasa | Merge pull request #1627                                                  | 2     |
| 2026-09-21 05:53 | iras-v4-backend         | fdfe886 | ConradKash              | feat: alter no_of_floors field in TradeLicense model to allow null values | 2     |
| 2026-09-21 05:00 | iras-v4-backend         | 4647e2b | Siraj Dean              | Skip workspace permissions                                                | 1     |
| 2026-09-21 04:59 | iras-v4-backend         | aa04dff | bogeresiraje            | Merge staging to main                                                     | 5     |
| 2026-09-21 04:58 | iras-v4-backend         | 5042d13 | bogeresiraje            | Prevent `build-and-deploy` checkout cleanup failure on prod runner        | 1     |
| 2026-09-21 04:55 | iras-v4-backend         | ad7e279 | bogeresiraje            | [WIP] Fix failing GitHub Actions job build-and-deploy                     | 1     |
| 2026-09-21 04:53 | iras-v4-backend         | db00e16 | copilot-swe-agent[bot]  | Ensure workspace ownership before checkout in prod deploy                 | 1     |
| 2026-09-21 04:52 | iras-v4-backend         | 69f6482 | copilot-swe-agent[bot]  | Fix checkout cleanup failure in prod deploy workflow                      | 1     |
| 2026-09-21 04:52 | iras-v4-backend         | 4633490 | copilot-swe-agent[bot]  | Fix checkout cleanup failure in deploy prod workflow                      | 1     |
